SET UP SUB-ACCOUNTS

Administrators can create sub-accounts for employees to use. A sub-account allows the admin of the account to manage separate logins for employees and adjust permission levels. For example, you may allow employees access to the website to provide pricing to customers, but do not want them to have the capability to place an order.

Only the administrator can create or delete sub-accounts. Sub-account users must validate their sub-account by clicking on the validation link contained in the email they receive upon account creation.

STEP 1: LOGIN TO ADMINISTRATIVE ACCOUNT

- Login to the administrative account and click on **MY ACCOUNT** in the upper left.

STEP 2: CLICK VIEW ACCOUNT

STEP 3: MANAGE USERS

- Click on the **MANAGER USERS** tab – third tab from the left, and then click **EDIT**.

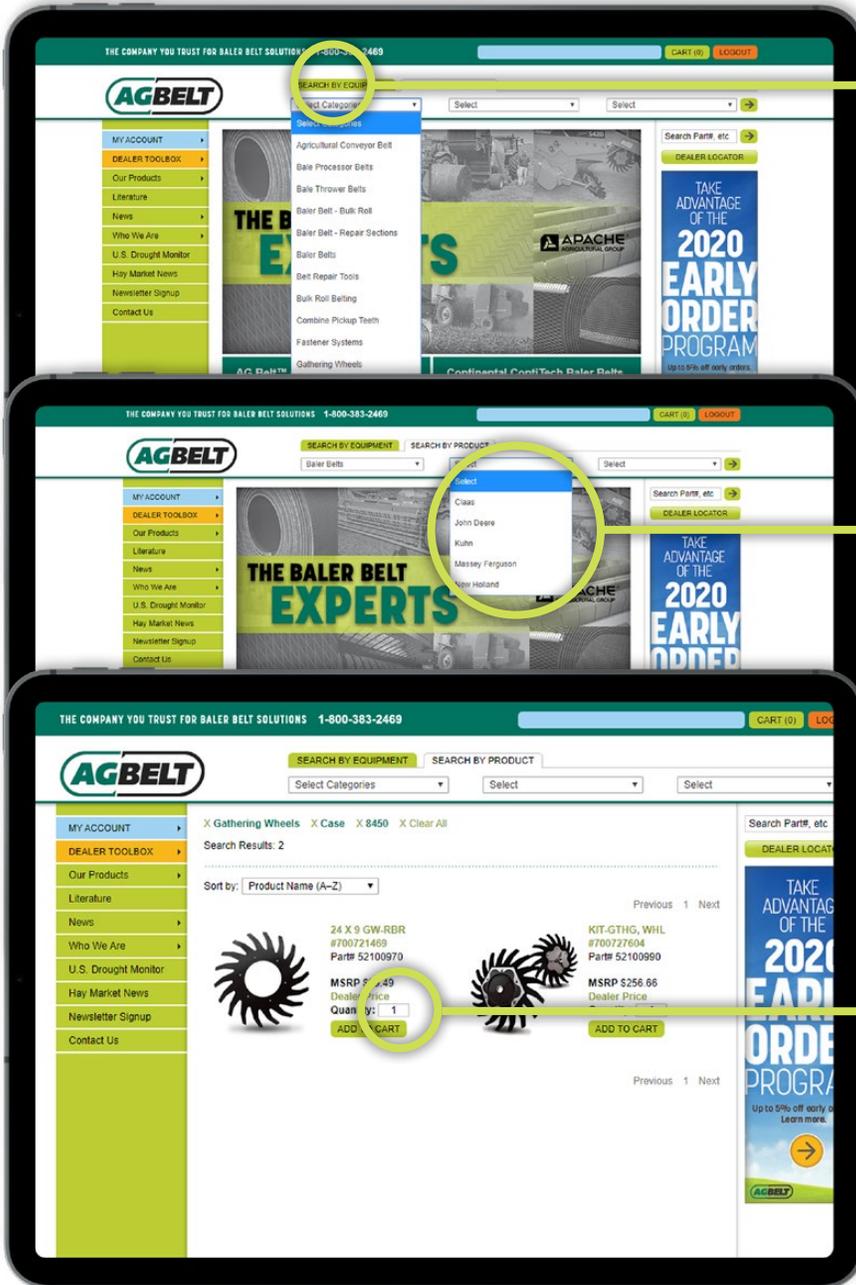

STEP 4: ADD ANOTHER USER

- Click **ADD ANOTHER USER**. Each user must have a unique email address.

STEP 5: CHOOSE PERMISSION LEVEL

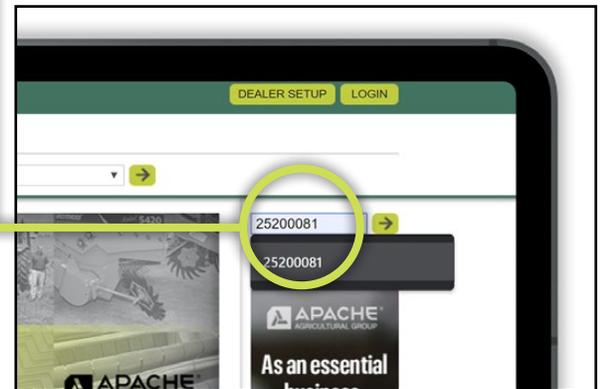

- Enter user information and choose their permission level – these can be changed at any time.
 - Create and View Orders – Allows users to place orders.
 - View Orders – Will not allow users to place orders.
